

Become a Part of Our Growing Alliance

One in seven individuals in our community still struggles to access healthcare because of cost, transportation, or language compatibility. Hamdard Health Alliance's mission is to meet that need by delivering supportive, accessible primary and mental health care services, along with strong patient advocacy and outreach programs.

We believe patients receive the best possible care when their providers truly understand their background, experiences, and concerns. Our personalized, compassionate model of care respects the cultural and linguistic traditions of the populations we serve. As a federally qualified health center, Hamdard Health Alliance is proud to be THE provider dedicated to improving health outcomes for our neighbors.

It is this dedication to quality care that has made us a 2020 Silver Award recipient. Our vision for the future has been recognized by becoming a Healthy People 2030 Champion. And our commitment to those who call Hamdard their choice for healthcare can be seen through our Patient Centered Medical Home status.

We are your community's non-profit healthcare home, and we invite you to become a part of our Alliance by getting involved through philanthropy and sponsorship. Join us this year as we continue to increase our local impact and strengthen our community!

Thank you for your consideration to become a sponsor of Hamdard Health Alliance in 2022! Your support will help increase awareness of our organization, and allow us to continue providing comprehensive services. This is also a great opportunity to promote your organization and the good work that you do!

National Health Center Week • August

What It Is

National Health Center Week represents an important time for bringing our community together to promote and celebrate the variety of services offered by our FQHC.

How You Will Help

Sponsoring this event ensures we can effectively promote our services as well as offer fun and engaging activities for our community members.
